

**Plagiarism in research: it's detection and avoidance using emerging tools and technologies**

Workshop on Plagiarism its Detection and Avoidance-Beyond ethics and integrity

Join Dr. Ramesh C.Gaur, Director and Head Kala Nidhi Division, Indira Gandhi National Centre for the Arts, New Delhi India as he shares how you can present your research appropriately to avoid plagiarism.

The workshop covers both intentional and unintentional plagiarism, how to detect it and various tips for avoiding plagiarism. Knowledge about plagiarism, its consequences, its detection and avoidance are very important ensuring quality research writings. It is also important for Librarians to understand how they can play a key role in enhancing the research output of an institution and how they can engage with the Researchers in the role of a teacher-Librarian. Controlling menace of plagiarism through regulations ex. UGC regulations2018, India.

The main key highlights of the workshop are as follows:

- Understand what constitutes the plagiarism
- Types of plagiarism and its detection using TURNITIN, URKUND
- Use of Reference Management tools such as Mendley, Endote and Zotero
- Learn how to write your research appropriately
- How Librarian can play a significant role in creating awareness about plagiarism and play a part for avoiding it.
